● WORK EXPERIENCE

01/06/2024 - CURRENT - LISBON, PORTUGAL

SOLUTION DESIGN ARCHITECTSANTANDER

Working within the Enterprise Architecture team to develop high-level architecture designs that detail the structure and behavior of the proposed IT solutions.

Ensure that solutions are scalable, secure, and well integrated with existing systems and infrastructure - following the architecture guidelines, bank policies and architecture principles.

Evaluate and recommend appropriate technologies and tools that fit the enterprise's needs.

Staying up-to-date with emerging technologies and industry trends to provide innovative solutions.

01/05/2022 - 30/06/2024 - LISBON, PORTUGAL

MANAGER, SOLUTION ENGINEERINGOUTSYSTEMS

OutSystems is a leading low-code platform that lets you visually develop your entire application (full-stack), easily integrate with existing systems and extend it with your own custom code while supporting the full lifecycle for both web and mobile apps.

It was named the #1 low-code platform for general purpose low-code, leader in Mobile Low-Code Development Platforms according to several Forrester Waves™. It was also named leader in Mobile Application Development Platforms, in High-Productivity aPaaS and Multiexperience Development Platforms (MXDP) according to different Gartner's Magic Quadrants™

As a Manager of Solution engineering team I'm focused on helping a global team to succeed by guiding and coaching team members to provide business, technical, and product knowledge.

Working closely with different sales RVPs and Account Executives across different territories to jointly manage key accounts, ensuring visibility of pipeline and coverage as we grow the customer base.

Hiring, on-boarding, training and motivating one global team to perform at an exceptional level.

01/04/2021 - 01/05/2022 - LISBON, PORTUGAL

LEAD SOLUTION ARCHITECTOUTSYSTEMS

Hiring, on-boarding, training, and developing new Solutions Engineers.

Building and retaining an effective and efficient Solution Engineer team.

Ensuring Technical competence and effectiveness via continuous enablement.

Engaging with prospects and customers to get the most out of the OutSystems platform.

Collaborating with sales management on customer engagement strategies to ensure quota attainment.

01/10/2018 - 01/04/2021 - LISBON, PORTUGAL

SOLUTION ARCHITECT (FIELD ENGINEER/SALES ENGINEER)OUTSYSTEMS

Working as an IT expert and evangelist while supporting customers in their technical evaluation process by delivering high quality presentations and workshops (to Developers, Architects, IT managers and CxOs).

Analysing the customers' functional and technical requirements in order to design technical solutions; Working closely with the sales team in the creation of proposals that present compelling technical solutions that adjust to the customers' needs and requirements.

Delivering successfully Proofs of Concept (PoCs) together with the OutSystems Solution delivery team.

Developing OutSystems partners technical sales capabilities and competencies to sell and deliver OutSystems solutions and technology.

21/05/2018 - 01/10/2018 - LISBON, PORTUGAL

PARTNER SUCCESS MANAGEROUTSYSTEMS

Managing the Partner Technical Enablement program for EMEA;

On-boarding and enabling new partner development teams;

Engaging with partners to drive their proficiency growth and training completion of learning paths and certification programs;

Driving success and referenceability of partner projects;

Delivering and promoting technical advisory and evangelization sessions to leverage partners technical expertise.
